Please note:

- Science homework will usually be set in two of the three allocated homework sessions.
- Literacy homework tasks are uploaded to Show My Homework in advance and so may show on a student’s timeline before the allocated homework slot.
- RS homework will only be set once per fortnight; the week it is set in will depend on the content of the lessons over the course of the year.
- Once per half term, students may be set activities or tasks to support their work in Art and/or Drama. Realistic deadlines will be set.
- For Computer Science teachers will post a revision list at the start of each unit on Show My Homework. Students are expected to use this revision list to revise for their end of unit test. There is no allocated homework session and students are expected to make time for their Computer Science studies.
- Homework in Geography will be set when appropriate to the topic being studied. When homework is set it will follow the homework timetable above.
- D&T: Students experience the different D&T disciplines as part of a carousel. When students are studying Food, they will have an additional homework task per fortnight that involves preparing ingredients ahead of their practical lesson.
