Please note:

- Science homework: Students in groups 1, 2 & 3 will be set one homework per fortnight for each of Biology, Chemistry and Physics. Students in group 4 will be set Science homework two or three times per fortnight. Students will therefore not receive homework in each of the identified homework slots.
- RS homework will only be set once per fortnight; the week it is set in will depend on the content of the lessons over the course of the year.
- Once per half term, students may be set activities or tasks to support their work in Art and/or Drama. Realistic deadlines will be set.
- For Computer Science teachers will post a revision list at the start of each unit on Show My Homework. Students are expected to use this revision list to revise for their end of unit test. There is no allocated homework session and students are expected to make time for their Computer Science studies.
- Homework in Geography will be set when appropriate to the topic being studied. When homework is set it will follow the homework timetable above.
