October 2021

Dear Year 13 Students and their Parents/Carers

Please find below the schedule for assessments the Year 13 students will sit between Monday 8 November and Friday 19 November 2021.

These **assessments will take place during lessons** and will provide a valuable opportunity for students to:

- Engage in a revision programme and refine their revision skills before the Year 13 trial examinations.
- Practise the skill of working under timed, examination style conditions.
- Allow students and staff to pinpoint knowledge or skills that need to improve.

Students who have agreed access arrangements will have these administered during these assessments. For these students, the timings of assessments may vary slightly from the timetable below; if this is the case, the students will be informed.

Students will be provided with guidance on the content of these assessments by their subject teacher.

The time of the assessment is determined by the option block in which students study that subject. For example, 13B Chemistry is for those students who are in the Chemistry class in option block B.

**As all assessments are taking place during lessons, there is no study leave for students during this period and all students are expected to attend all lessons as normal during this period.**

As you will be aware, the government's preferred approach is that A Level examinations in Summer 2022 go ahead. However, the contingency arrangement will be teacher assessment. If this is the case, the outcomes of these assessments may be used in the grading process. However, please be assured that **no one piece of work will determine a student's final grade.**

There are **no** assessments scheduled for the following subjects:

- A Level English Literature: during this period students are focusing on their NEA and so we did not feel an assessment is appropriate.
- A Level French, German and/or Spanish: students are not at an appropriate point in their study of Paper 2 (writing paper) to sit an assessment.

Kind regards
