

**ICT at Parmiter's**

**ICT and  
E-safety advice  
2017**

**PARMITER'S SCHOOL**  
NEMO SIBI NASCITUR

# The Basics...

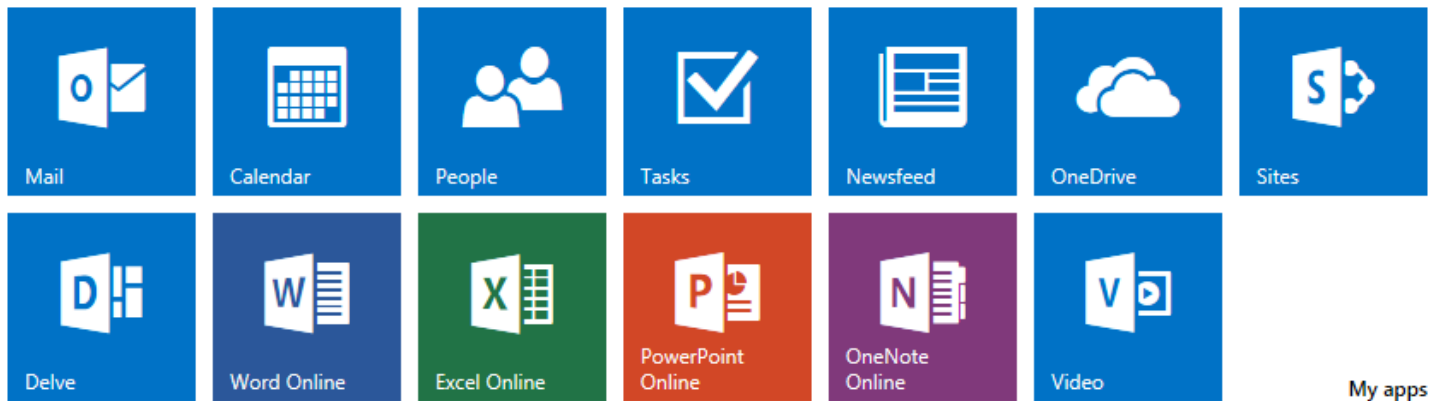

- Each student is given a login and password to access our secure network,
- This is the same login for the VLE and their individual email accounts, which are both accessible from home

# Office 365

- Each student via their email has access to Office 365 which they can download for free onto their home computers

# If your child is bullied online

- **Keep evidence (print screens, message history etc.)**
- **After you have evidence, “block”**
- **Call the police, phone: 101. It’s far more effective and quicker to call the police to deal with this, (school jurisdictions on on-line bullying is tied as it mostly takes place out of school, would you call the school if your child was seriously threatened in your own house or would you call the police? If its in school or you feel we need to know you MUST inform us so we can deal with it quickly!)**

# Support

- **Family e-safety Agreement**
- **Websites:**
  - **CEOP**
  - **Think you know**
  - **Department of Education**
- **e-safety page of school website and letters home:**
