About Us

Leonardo is an international leader in electronic and information technologies for defence systems, aerospace, data, infrastructures, land security and protection and sustainable 'smart' solutions. Based mainly in the UK and Italy, the company employs over 46,000 people, with overseas ventures in countries including USA, Saudi Arabia and Brazil. Our Luton site is a world-class Electronic Warfare Centre of Excellence and provides defence systems to detect, evade and counter a wide-range of current-day threats to military platforms. Our equipment protects a wide range of well-known UK platforms such as the Eurofighter Typhoon and the Apache Attack Helicopter.

Business Apprenticeship

Structure

	Qualifications	Work
Year 1	<ul style="list-style-type: none"> Begin Level 3 Vocational Qualification in Business Administration 	3 month placement rotations
Year 2	<ul style="list-style-type: none"> Complete Level 3 Vocational Qualification in Business Administration 	End with a 3 month final placement in area of specialism.

Business apprentices start their apprenticeship having previously completed A Level qualifications and will spend their first year working in several 3 month long placements. Apprentices will participate in a wide range of Business based placements, some of which will be pre allocated, and others which may be tailored subject to discussion with Managers. Throughout the apprenticeship, apprentices will work towards a Level 3 Vocational Qualification in Business Administration. 2nd Year apprentices will spend their last 3 months in a Final Placement in an area of specialism.

Business Apprenticeship

Leonardo offer a range of Apprenticeships that touch virtually every discipline within the company; the schemes enable apprentices to move around the business on three month placements immersing them in the Engineering or Business world as they contribute to real projects. Whilst earning a competitive salary and being provided with on the job training, the various Apprenticeship Schemes also allow apprentices to gain further qualifications on a day release basis.

Entry Requirements

You must have (as a minimum) the following qualifications:

- 2 x A Levels grade A* to C, one of which must be in either English, Mathematics, or a Business related subject.
- Alternatively a Level 3 qualification in a Business subject instead of A Levels.
- GCSE grade 9-4 in English and Mathematics
