Friday	German / Spanish Geography	English German / Spanish	German / Spanish Science	Geography German / Spanish	Music Geography	Science Music	RS Geography	Science History

Once per half term students may be set activities or tasks to support their work in Art and/or Drama. Realistic deadlines will be set.

In Computer Science teachers will post a revision list at the start of each unit on Google Classroom. Students are expected to use this revision list to revise for their end of unit test. There is no allocated homework session and students are expected to make time for their Computer Science studies.

Homework in Geography and D&T will be set on the correct homework timetabled days as and when their teacher deems it to be appropriate

Science homework will usually be set in two of the three allocated homework slots.

All students will be set one literacy-related homework task each fortnight as part of their English homework allocation. This may be issued centrally and so may show up on a student's timeline before the allocated homework slot. Other English homeworks will be set on the correct homework night, as and when appropriate.
