

Our Student Support Officer plays a critical role in all aspects of student behaviour and works out of the Pastoral Support Base in school. She works collaboratively with Pastoral and Senior Pastoral staff , Matron and the Attendance Officer to plan, administer and oversee mentoring support to students. She is pivotal in providing a supportive and nurturing environment for students , helping them to overcome obstacles and achieve their potential. She is a friendly face and a listening ear who can offer advice and refer students on to appropriate resources if necessary.
