

PARMITER'S SCHOOL

FOUNDED 1681

Headmaster: Mr M Jones BA MEd

September 2019

Dear Parent/Carer

Re: Book Orders for A Level Mathematics Course

Your son/daughter has chosen to study A Level Mathematics in either the Mathematics or Further Mathematics option and will require textbooks for both the Pure and Applied content. All students will be studying the same material for the A level Mathematics course, which has been compulsory across all boards since September 2017. This letter concerns the order for the required books for the A Level Mathematics course. [Books for the Further Mathematics course, to be studied next year by those opting for Further Mathematics, will be ordered later on in the year]. We will not be offering AS Mathematics and, as such, students are required to buy the textbooks for the whole course.

If you wish to order these books at a discounted rate through school, please complete the form below and return it to the Finance BOX by **Friday 6th September**. Payment can be made via Wisepay or by cheque (made payable to Parmiter's School). Each Pure Mathematics book will cost £15 (RRP is £20.34 incl VAT) and each Applied Mathematics book will cost £7.50 (RRP is £10.18 incl VAT). *Please note we will only order books that have been prepaid.*

If the books are not ordered through school by the deadline, your son/daughter should ensure s/he obtains his/her own copies as soon as possible. It should also be noted that these are **newly published books and contain corrections to those within the first few publications.**

Yours sincerely

Mrs M Harris
KS5 Coordinator for Mathematics
