Dear Parents/Carers and Students

Celebrating Co-curricular Achievements

At Parmiter's, we take great pride in the achievements of our students both in and beyond the classroom.

We know that many of our students are involved in a wide range of activities outside of school, ranging from sport, music and the arts, to volunteering, competitions and personal projects. However, there are often successes we may not yet be aware of!

We would love to hear about your child's achievements, so that we can celebrate and share their successes with our school community. Please complete the short [Student Achievement form](#) to tell us more. The information you provide will help us to recognise students' efforts and achievements in school communications, assemblies and events (with your permission).

The Student Achievement form is available on the school website (*under Parents - Co-curricular Activities*), so please continue to let us know when your child accomplishes something successful. We will monitor responses on a regular basis. Please note that it may not be possible to promote every achievement.

Thank you for helping us to celebrate the amazing things our students are doing beyond school life.

Yours sincerely

Tom Clark
Director of Sport
