

3 November 2025

Dear Parents and Carers

### **GCSE PE Intervention and Revision Plans**

As we approach the crucial stages of preparation for the GCSE Physical Education examinations, we would like to outline the additional measures we are implementing to support our students in achieving their full potential.

#### **Use of Year 11 Games Lessons**

To provide tailored support, one of the three Year 11 Games lessons will be dedicated to theory-focused revision for students who are currently underachieving or working below their predicted grades, based on both examination and classroom performance. These sessions will focus on consolidating students' understanding of key theoretical concepts and improving their ability to apply knowledge in examination scenarios.

Please note that students will still retain their two dedicated GCSE practical lessons within the two-week timetable cycle. This ensures they continue to have four practical PE lessons every fortnight, maintaining support for their practical performance alongside the increased focus on theory.

#### **Weekly Intervention/Revision Session**

A dedicated lunchtime revision session for GCSE PE students will also take place as follows:

##### **Friday at 1.40pm in the Function Room**

These sessions are designed to provide extra support tailored to students' individual needs, ensuring they are well-prepared for the demands of the examinations.

We encourage you to support your child's progress by emphasizing the importance of attending these sessions and dedicating regular time at home for independent revision. All students have been provided with an [AO1 booklet](#) (available electronically on Google Classroom) covering the full GCSE specification. This is a valuable resource for both students and parents/carers to support learning.

Additionally, students are encouraged to regularly revisit their classroom notes to consolidate their understanding. Should they require any extra help or support, we strongly encourage them to speak to their teacher.

Thank you for your continued support. If you have any questions or would like further information on how best to support your child with their GCSE PE studies, please do not hesitate to email [b.swaile@parmiters.herts.sch.uk](mailto:b.swaile@parmiters.herts.sch.uk).

Yours sincerely

*B Swaile*
