

7 September 2026

Dear Parents and Carers

Design & Technology Textbooks and Materials 2026-2027

As part of your child's Design & Technology GCSE course, we will provide a textbook that will be used in lessons. It would also be useful for students to have a revision guide, which will help them with further understanding and revision at home. We recommend the following book, which can be purchased through the school:

AQA GCSE Design & Technology 8552 – PG Online Clear Revise

Illustrated revision and practice **£7.00**

During the course of the year, students will be using a variety of materials in the workshops to develop their manufacturing skills. To meet the increasing cost of the raw materials needed to make high quality products, the school asks for a contribution of **£20.00** per student. This contribution will cover the cost of the materials required for the products they make this year.

Please make your payment via [WisePay](#) (under Shop) by **Friday 2 October**.

Yours sincerely

Mrs N Fielding
Head of Design & Technology
