

8 September 2026

Dear Parents and Carers

We are delighted to let you know that **Splaat Photo** will be working with us throughout the academic year to capture professional photographs and videos of your child in school.

From school portraits and everyday school life to plays, sports matches, music concerts and special events, Splaat Photo will help us capture a wide variety of memories throughout the school year.

A safer and more controlled way to share school memories

As a school, safeguarding and the responsible use of photographs and videos of our students are extremely important to us. We have considered Splaat Photo's safeguarding and data protection arrangements and have chosen their service because it provides a controlled way for families to see more of their child's life at school, while helping us protect how students' images are accessed and shared.

Rather than making photographs generally available to a wider group of parents, Splaat Photo uses secure, consent-led technology to deliver relevant photographs directly to registered families whose children appear in them. This allows us to share more of the wonderful things happening at school, while maintaining appropriate safeguards around students' images.

What Splaat Photo Will Do

Memories Throughout the Year – From everyday school life to sport, concerts and performances, Splaat Photo will photograph a variety of activities and events selected by the school throughout the academic year.

Video Coverage – Selected events chosen by the school, such as productions and concerts, will also be filmed.

Private & Secure Access – Splaat Photo uses secure facial recognition technology to help identify photographs featuring your child and deliver them to your private family gallery. Access is limited to registered families, and photographs are only made available to families whose children appear in them, helping to reduce unnecessary sharing of students' images.

Free to View – Registration is free, allowing you to access your child's private gallery and preview available photographs as they are added. There is no obligation to purchase.

Instant Notifications – You'll receive email or SMS alerts when new photographs or videos are added.

Exclusive Perks – Families purchasing Annual Access also receive additional benefits, including exclusive print discounts and a complimentary family portrait session.
