3 November 2026

Dear Parents and Carers

True Adventure Expeditions – July 2028

We have extended the sign-up period until **Friday 6 November 2026** for the True Adventure Expeditions taking place in July 2028.

For those who would like to revisit the information provided, please find the expedition proposals below and a link to the expedition information here:

The two proposed expeditions are:

Tanzania	**£4 500**	Working alongside the Better Lives Charity on community-based projects.
Borneo	**£4 695**	Taking part in marine conservation projects.

Both expeditions will also include an Open Water diving course.

These expeditions offer students a fantastic opportunity to develop independence, leadership and teamwork skills, whilst making a positive contribution to the communities and environments they visit. An important part of the True Adventure programme is that students take responsibility for fundraising to help support the community project work.

We encourage all interested students and their families to explore the information provided and consider which expedition might be the best fit for them.

Thank you again for your interest and support. We look forward to seeing how our students embrace this exciting opportunity.

Yours sincerely

O Card
